The first thing many persons think of when they see a woman is her dress. That is not what women most need to find there. Health is the first thing, and many women lack it. Notes telling how to preserve the health are of the greatest value and interest for women; and, if they are suffering from woman's ailments, they read with the most intense interest how other women got well from their ailments, and so they too get what made them well. —Vivian E. 1500 MEXICAN TROOPS ARE FEW MILES BELOW NACO

The report Sunday night that 1500 Mexican troops were but a few miles below Naco, which stirred Bisbee to high excitement, and which later was supposedly discredited, appears to have been true after all, unless well informed persons are woefully mistaken. According to these persons, 1500 troops arrived at San Jose, about six miles below Naco Saturday. Part of the command moved eastward on Monday, patrolling the country toward Cabullona.

These same men reported the arrival of 2000 men at Cananea, in addition to 200 already there under the command of Aguirre. At the same time there arrived in Cananea 17 machine guns to be overhauled.

From almost equally authentic sources came the report of the concentration of foodstuffs and women for Sonora river at Arispe, west of the Sierra Prieta river at Magdalena. It was also stated that at all the ranches people were under arms.

MEXICAN AGITATOR NABBED AT TUCSON

Gonzales, Former Deputy Assessor Of Sonora, Charged With Conspiracy

(By Review Leased Wire.)
TUCSON, June 26.—Jesus M. Gonzales, deputy assessor of the state of Sonora, in whose behalf Mexican Consul Leleuier, at Douglas, has appealed to American Consul Simpich, at Nogales, was arrested here yesterday

by sheriff's deputies as he alighted from the Tucson-Nogales stage. He is charged with making incendiary speeches to Mexicans while enroute from the border city to Tucson. According to statements of persons on the stage, Gonzales alighted at Tubac, which is a Mexican settlement, and harangued a crowd of Mexicans. Following his arrest, a riot gun by a Mexican army officer at Hermosillo was found in the seat of the car in which he had been riding.

Gonzales at the county jail denied that he had incited the Mexicans at Tubac in any way. He declares that he is a pacifist and that he was merely promising the Mexicans lands after the war in Mexico will be over if they would return to their mother country. No formal charges have been placed against him as yet.
